Professional Summary

Computer Science Engineering graduate with hands-on experience in Python, Flask, HTML, CSS, and JavaScript through academic projects. Familiar with React.js, Next.js, and SQL. Seeking an entry-level Python Developer or Software Engineer role.

Technical Skills

Languages: Python, C, C++, JavaScript, HTML, CSS

Frameworks: Flask, React.js, Next.js, Tailwind CSS

Databases: SQLite, MySQL

Tools: Git, GitHub, VS Code

Libraries: NumPy, Pandas, Matplotlib

Projects

Waste2Use – Smart Waste Reuse Platform | *Python, Flask, SQLite, HTML, CSS, JavaScript*

- Developed a smart waste reuse platform that recommends creative reuse ideas for household waste materials.
- Implemented secure user authentication with login and registration functionality.
- Integrated image upload feature to allow users to upload waste images for better recommendations.
- Built an interactive dashboard with CRUD operations for managing waste-related posts and user activities.
- Used SQLite as the backend database for efficient storage and retrieval of application data.
- Designed a clean, responsive user interface focusing on usability and sustainability awareness.

Nexora – Modern E-Commerce Platform | *Next.js, React.js, Tailwind CSS*

- Developed a modern full-stack e-commerce web application with a responsive and premium user interface using Next.js and Tailwind CSS.
- Implemented category-wise product filtering, search functionality, product details pages, and responsive navigation.
- Built Shopping Cart, Wishlist, User Authentication, User Profile, Orders, and Checkout modules.
- Designed an animated Hero section using Framer Motion to enhance user experience with smooth transitions.
- Used Context API for global state management and Local Storage for persistent cart and user data.
- Optimized the application for mobile, tablet, and desktop devices with a clean and scalable component-based architecture.

Education

Bachelor of Technology (Computer Science Engineering)

2022 – 2026

Shri Guru Sandipani Institute of Technology & Science, Ujjain

RGPV University

Higher Secondary (Class XII)

2022

BRMV School

75.6%

High School (Class X)

2020

Public H. S. School

85%

Certifications

- Python Programming – GeeksforGeeks
- C,C++ - Universal Informatics

Relevant Coursework

- Data Structures & Algorithms
- Database Management Systems
- Operating Systems
- Object-Oriented Programming

Additional Information

- **Soft Skills:** Problem Solving, Team Collaboration, Communication, Quick Learner
